Transportation ✨

● Resort & Park to Park Transportation

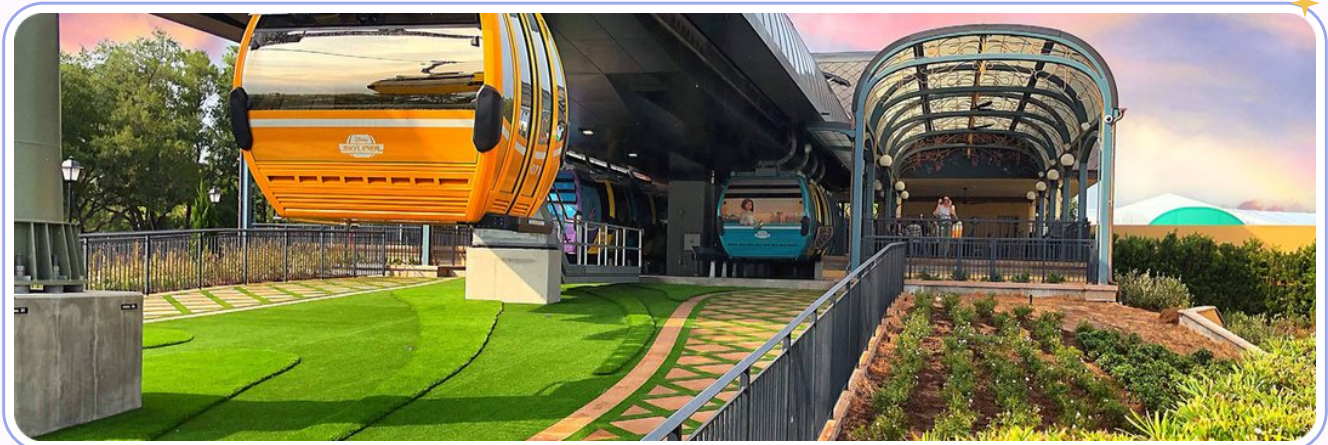

Guests staying at Disney Resort hotels can take advantage of complimentary transportation throughout the Walt Disney World Resort. Options include buses, monorails, boats, and the Disney Skyliner, making it easy to travel between parks, resorts, and Disney Springs without the stress of driving.

● Airport & External Transportation

Guests arriving at Orlando International Airport (MCO) can conveniently reach their Disney Resort hotel using Mears transportation services, ride shares, or private car options. These services provide reliable and stress free transfers, helping you start your Disney vacation smoothly.

● Driving & Parking

For guests who prefer to drive, ample parking is available at all theme parks and resorts. Disney Resort hotel guests enjoy complimentary standard parking. Courtesy trams provide easy transport from the parking lots to the park entrances and back, and the My Disney Experience app includes a Car Locator feature to help you quickly find your vehicle after a day in the parks.

Tips ✨

● Best Times to Visit

Timing your trip can make a big difference! Visiting in mid January through early February or August through September often means lighter crowds and lower resort prices. The busiest and most expensive times are major holidays, spring break, and summer. Weather in Orlando can be hot and humid from May through September, while winter months are cooler and more comfortable.

● Park Hopping Strategy

Park Hopper tickets allow you to start the day in one park and switch to another after 2 PM. This is a great way to maximize your time, especially if you want to hit big attractions in one park in the morning and catch a nighttime show at another. A smart strategy is to begin at a park that gets busy later, like Disney's Hollywood Studios, and hop to a park that stays open late, like EPCOT or Magic Kingdom.

● Lightning Lane Basics

Lightning Lane lets you skip the standby line at select attractions by reserving a return time. You will book Lightning Lanes through the My Disney Experience app. Some highly popular rides require an Individual Lightning Lane purchase separately. Book early in the day for the best availability, especially for top tier attractions.

Plan your days around the moments that matter most

Tips

● EPCOT Festivals

EPCOT hosts festivals nearly year round, from the Festival of the Arts in winter to Flower and Garden in spring, Food and Wine in fall, and Festival of the Holidays in winter. Each brings unique entertainment, food booths, and exclusive merchandise, making EPCOT a new experience every season.

● My Disney Experience App

The app is your all in one trip planner. From making dining reservations and booking Lightning Lanes to checking wait times, mobile ordering meals, and navigating with real time maps, it is an essential tool. Bonus features like Mobile Checkout in select stores and the Car Locator in parking areas make it even more convenient.
